and scrubber driers*

**POCKET GUIDE**

# Scrubmaster

## Walk-behind scrubber-driers

**DELTA**  
Cleaning System®

### Scrubmaster B5

**Cleaning performance:**  
1 300 m<sup>2</sup>/h

**Cleaning path:**  
430 mm

**Solution tank size:**  
5 litres

### Scrubmaster B8

**Cleaning performance:**  
1 320 m<sup>2</sup>/h

**Cleaning path:**  
330 mm

**Solution tank size:**  
8 litres

### Scrubmaster B25

**Cleaning performance:**  
1 700 m<sup>2</sup>/h

**Cleaning path:**  
430 mm

**Solution tank size:**  
25 litres

### Scrubmaster B30

**Cleaning performance:**  
1 700 m<sup>2</sup>/h

**Cleaning path:**  
430 mm

**Solution tank size:**  
30 litres

### Scrubmaster B45

**Cleaning performance:**  
2 900 m<sup>2</sup>/h

**Cleaning path:**  
650 mm

**Solution tank size:**  
45 litres

### Scrubmaster B70

**Cleaning performance:**  
3 700 m<sup>2</sup>/h

**Cleaning path:**  
750 mm

**Solution tank size:**  
70 litres

#### Hako-Aqua-Control

All Scrubmaster models from the B30 upwards feature Hako-Aqua-Control. This saves up to 50% water through intelligent brush systems and the automatic water stop function when the machine stands still.

#### Hako-AntiBac®

Hako-AntiBac® equips the tank with antibacterial properties to protect the plastic material and reduce the development of bacterial and fungal growth. Hako-AntiBac® is available as an option.

# Scrubmaster

## Ride-on scrubber-driers

### Scrubmaster B75R

Cleaning performance:  
3 500 m<sup>2</sup>/h

Cleaning path:  
650 mm

Solution tank size:  
75 litres

### Scrubmaster B120 R

Cleaning performance:  
5 800 m<sup>2</sup>/h

Cleaning path:  
900 mm

Solution tank size:  
120 litres

### Scrubmaster B175 R

Cleaning performance:  
7 560 m<sup>2</sup>/h

Cleaning path:  
1 080 mm

Solution tank size:  
175 litres

### Scrubmaster B 260 R

Cleaning performance:  
8 610 m<sup>2</sup>/h

Cleaning path:  
1 230 mm

Solution tank size:  
260 litres

### Scrubmaster B 400 R

Cleaning performance:  
11 000 m<sup>2</sup>/h

Cleaning path:  
1 550 mm

Solution tank size:  
75 litres

#### Eco mode

For areas with low levels of soiling, Scrubmaster machines can be operated efficiently and in an environmentally friendly manner with less power to minimise noise emissions and save energy.

#### Ergonomic

Hako's ride-on Scrubmasters carry the AGR (Aktion Gesunder Rücken e.V.) quality label for their back-friendly overall machine concept. Hako is the first scrubber-drier manufacturer to have received this accolade.

# Sweepers

*\*Available in Diesel, Battery or LPG*

## Sweepmaster M600

**Cleaning performance:**  
2 300 m<sup>2</sup>/h

**Cleaning path:**  
670 mm

**Hopper capacity:**  
40 litres

## Sweepmaster B800 R

**Cleaning performance:**  
5 340 m<sup>2</sup>/h

**Cleaning path:**  
890 mm

**Hopper capacity:**  
50 litres

## Sweepmaster 1200 RH\*

**Cleaning performance:**  
12 700 m<sup>2</sup>/h

**Cleaning path:**  
1 270 mm

**Hopper capacity:**  
250 litres

## Sweepmaster 1500 RH\*

**Cleaning performance:**  
12 700 m<sup>2</sup>/h

**Cleaning path:**  
1 270 mm

**Hopper capacity:**  
250 litres

## PowerBoss Armadillo

**Cleaning performance:**  
20 300 m<sup>2</sup>/h

**Cleaning path:**  
1 560 mm

**Hopper capacity:**  
600 litres

## CityMaster 650

**Cleaning performance:**  
20 500 m<sup>2</sup>/h

**Cleaning path:**  
2 500 mm

**Hopper capacity:**  
0.6 m<sup>3</sup>

### Dust Stop

With the Dust Stop disc brush jacket, Hako reduces emissions of fine dust during sweeping by up to 90% compared to conventional side brooms. Unlike conventional dust control systems, it uses no water.

Dust Stop is available for all ride-on Hako sweeping machines and scrubber-driers fitted with a sweeping attachment. Another award-winning innovation from Hako!

# Service and Support

**As authorised Hako distributor, BHBW South Africa takes pride in providing customers with the levels of support required to ensure maximum uptime and peace of mind. Our services include:**

- Expert consultancy.
- Customer-tailored financing options including outright purchase, leasing and short-term rental.
- 24/7 technical support by trained technicians with an average response time of 4 hours countrywide.
- A choice of maintenance plans structured to meet customer needs, from routine to full maintenance contracts.
- High off-the-shelf availability of long-life Hako parts.
- Hako-Fleet-Management telemetry for real-time visibility of fleet units, to better monitor and manage equipment and costs.
- Quality cleaning agents, mopping equipment and consumables.
- Operator training.

**24/7 CALL CENTRE. PARTS.  
RENTAL OPTIONS.**
